FISCAL IMPACT STATEMENT

LS 7608
BILL NUMBER: SB 461

NOTE PREPARED: Feb 13, 2007
BILL AMENDED: Feb 13, 2007

SUBJECT: One Map for Indiana.

FIRST AUTHOR: Sen. Ford
FIRST SPONSOR:

BILL STATUS: CR Adopted - 1st House

FUNDS AFFECTED: **X** GENERAL
X DEDICATED
X FEDERAL

IMPACT: State

Summary of Legislation: (Amended) The bill provides that the State Data Center shall develop and maintain the Indiana Map, an electronic map of Indiana. It provides that the State Data Center shall provide public access to Indiana Map data, except for data that the Governor designates as a security risk. It provides that the State Data Center shall serve as the state names authority for Indiana under federal law. The bill establishes the Electronic Map Maintenance Fund.

Effective Date: July 1, 2007.

Explanation of State Expenditures: (Revised) *State Data Center:* Under the bill, the State Data Center is responsible for the Indiana Map and employs a Director of the Indiana Map. Among other duties, the State Data Center develops the Indiana Map and integrates framework data developed and maintained by state agencies and political subdivisions into the Map. The State Data Center publishes a statewide electronic map framework data plan and a biennial report. Expenses for administering the chapter would be paid from the Electronic Map Maintenance Fund established under the bill.

Electronic Map Maintenance Fund: The Electronic Map Maintenance Fund would be used to fund GIS grants and to pay the expenses of administering the chapter. The funding source would be appropriations by the General Assembly and gifts or grants received. The Fund would not revert to the state General Fund at the end of the fiscal year.

      Background on the State Data Center: State Data Center assists the Census Bureau by disseminating Census and other federal statistics through a statewide network of affiliates located in state agencies, universities, libraries, local planning agencies, small business development centers, and non-profit

organizations. The Indiana State Data Center Program has two coordinating agencies: the Indiana State Library and the Indiana Business Research Center at Indiana University's Kelley School of Business. The State Data Center is funded with a federal grant for library museums.

Background on the Indiana Map: DVDs of the Indiana Map are currently housed in the Indiana Collection of the State Library.
